Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, July 21, 2020, DHHS announced 16 new positive test results for COVID-19. There have now been 6,262 cases of COVID-19 diagnosed in New Hampshire. Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, all are adults with 38% being female and 62% being male. The new cases reside in Carroll (2), Belknap (1), Coos (1), Merrimack (1), and Strafford (1) counties, and in the cities of Manchester (6) and Nashua (4).

Community-based transmission continues to occur in the State and has been identified in all counties. DHHS has also announced two additional deaths related to COVID-19. We offer our sympathies to the family and friends.
