

Community Health Worker

Training

Increase Your Capacity To Help

A **Community Health Worker (CHW)** is a front-line public health worker who is a **trusted member of the community** and has a close understanding of the North country. The CHW serves as a **liaison between the patient and healthcare and social services** to facilitate access to care and improve the quality and cultural competence of service delivery.

Course Format:

- ▶ CHW Roles, characteristics and skills
- ▶ Cultural humility & ethics
- ▶ Guiding principles
- ▶ Care management
- ▶ Interpersonal skills
- ▶ Health related topics
- ▶ 2-day Motivational Interviewing course
- ▶ Online & in-person
- ▶ Training binder, textbook-
Foundations for community health workers, access to online modules
