

Running for: South VICE CHAIR

October 24, 2021

NH CHW Coalition Members

I, Lindsey Boisvert, am writing this letter of intent as an individual with interest in becoming a member of the Steering Committee.

I am employed as a Community Health Worker for New London Hospital, located in New London NH. My interest in becoming a Steering Committee member lies in my desire to support and develop the important work of CHWs in NH . I want to see the New Hampshire Community Health Worker Coalition (NH CHW Coalition) develop a strong collaborative network of CHWs and stakeholders who advance the CHW role in the NH workforce and serve as a resource for those interested in the work of CHW's.

I would be a great candidate for a position on the Steering Committee because I have been a Community Health Worker for over 4 years and have had the privilege of serving on the Steering Committee previously for 1 year. I have been involved in the planning of CHW summits, ECHO educational series for CHW's and the certification sub-committee. I feel passionate about the work we do and feel that I am a strong advocate for the profession. I enjoy networking with CHW's across the state to learn more about what areas and communities CHW's serves. I hope to work in partnership with CHWs across the state as we continue to solidify the CHW identity and develop career opportunities across systems.

Thank you for your careful consideration of this letter of intent.

Sincerely,

Lindsey Boisvert,
Community health Worker
