

Do you have old or unused prescriptions?

Saturday,
April 27th, 2013
is National
Prescription Drug
Take-back day!

Medications
will be
collected from
10am to 2pm!

Why Dispose of Old and Unused Medications?

- Many Americans are not aware that medicines in their home medicine cabinets are highly at risk of being misused and abused.
- **A majority of abused prescription drugs are obtained from family and friends, including from the home medicine cabinet.**
- Many Americans do not know how to properly dispose of their unused medicine, often flushing them down the toilet or throwing them away – both potential safety and health hazards.

The Drug Enforcement Administration (DEA) needs our help!

DEA will be collecting potentially dangerous expired, unused, and unwanted prescription drugs for destruction at sites nationwide on **Saturday, April 27th from 10 a.m. to 2 p.m. local time**. The service is free and anonymous, no questions asked.

Old/Unused medications can be dropped off at:

Bethlehem Police Department
2155 Main Street
Bethlehem, NH
10am-2pm

This initiative is proudly supported by the
North Country Health Consortium Substance Abuse Prevention Program.
