

# SERVING THOSE WHO SERVE

A Training for Health Providers and Mental Health Professionals on Military Culture and Behavioral & Health Issues of Veterans, Service Members, and Their Families

**NEW DATE!!**

**October 15, 2012  
8:30-1:00 p.m.**

**North Country Health Consortium**

262 Cottage Street, Littleton, NH

## Learning Objectives

- Explain the importance of knowing about military culture and the military hierarchy
- Discuss the extent of mental health issues in service members returning from combat
- List the reasons for asking patients about their military service or the military service of close family members
- List the populations served by the Department of Veterans Affairs
- Restate signs and symptoms of PTSD and TBI
- Describe resources for service members and their families

## Target Audience

Mental and behavioral health providers, physicians, physician assistants, nurses, nurse practitioners, nursing assistants, medical assistants, case workers, and others interested in military culture and behavioral health issues of veterans, service members and their families

## Faculty

Faculty members will include service members of the New Hampshire Army National Guard, behavioral health experts, and professionals who work with service members, veterans, and their families. For specific faculty information, visit [www.nchcnh.org](http://www.nchcnh.org)
