

Live, Learn, Play

**In Northern
New Hampshire**

**A Rural Clinical Rotation/
Internship Experience**

The North Country Health Consortium is a rural health network, created in 1997, as a vehicle for addressing common issues through collaboration among health and human service providers serving northern NH.

Through "Live, Learn, Play in Northern New Hampshire", a program of the North Country Health Consortium, health professional students will receive quality training experiences in rural medically underserved areas throughout northern New Hampshire.

In addition, students will experience New Hampshire's most awe-inspiring scenery, outdoor recreation and complete a community service project.

Experience a new kind of
clinical rotation or internship.

The Rural Clinical Rotation/Internship Experience

“Live, Learn, Play in Northern New Hampshire” offers health professional students an enhanced clinical rotation or internship experience in rural underserved areas. Each participant will have an assigned clinical site, a community mentor and receive support from program staff.

Why Participate?

- Learn about the public health issues that impact the delivery of care to rural underserved populations and about the utilization of the collaborative integrated care model in those rural areas.
- Become part of the community by working with a mentor to complete a community service project.
- Experience the scenic beauty and outdoor recreation opportunities northern NH has to offer!
- Receive a modest stipend (up to \$2,000) for living expenses, housing, transportation, etc.
- Meet, live and learn with other students interested in rural health.

Program Requirements

- Enrollment in an accredited health professions program.
- Interest in rural health and community-oriented care.
- Passion for community service.
