#### The Molar Express

#### Patient's Rights and Privacy Practices Notice

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

#### Uses of Information and How Information is Disclosed

Information given to The Molar Express and its staff may be used for treatment, including for: 1) identifying treatment goals agreed upon by both patient and staff; 2) setting a plan of treatment for pursuing those goals; and 3) monitoring effectiveness of the treatment plan. An example of each of these would be: the Dentist suggests a treatment plan for the patient and the patient and Dentist (or the Dentist's representative) talk about the treatment plan and agree on the services to be provided.

Information given to The Molar Express and its staff may be used as The Molar Express and/or its agents seek payment for services, including: 1) mailing invoices to a patient at the address given by the patient; 2) submitting patient information to insurance providers, if the patient requests this, such as social security number, date of birth, address, dental diagnosis, insurance policy number, and dates of service; 3) writing, phoning, or e-mailing the other payer(s), if the patient requests this, and identifying the patient, to seek payment for services; and 4) giving patient information such as social security number, date of birth, address, and dates of service to a collections agency if the patient makes no payment arrangements as per the payment agreement.

Information given to The Molar Express and its staff may be used by The Molar Express and/or its agents for dental care operations, in the sense that staff will track appointment times and will write in patient chart information about dental diagnosis and treatment services provided. Staff may telephone the patient with appointment reminders and other treatment related information.

Information will be disclosed generally by providing hand delivered materials in sealed envelopes, via United States mail or by talking on the phone, when disclosure is appropriate. However, with a few exceptions (see below), information about a patient will not be disclosed to anyone outside of The Molar Express without the patient's written authorization. The patient may revoke such authorization at any time; revoking authorization requires two actions by the patient: 1) telling or writing such to staff; and 2) ensuring that their request has been received by staff, by for instance asking staff to state understanding that authorization is revoked.

Without the patient's written authorization, information about a patient will not be disclosed to anyone, with the following exceptions: 1) if staff determines that the patient or someone else is at risk of eminent physical harm; 2) if staff determines that a child, (meaning anyone under 18 years old) might have been or possibly is being physically harmed, neglected or endangered; 3) if staff determines that a senior (meaning anyone 60 years old or older) might have been or possibly is being physically harmed, neglected or endangered; 4) if there is a medical emergency; or 5) if ordered by a judge. In such situations, staff will provide information deemed useful to ensure safety or to abide by applicable law and may take steps to ensure safety, including for example calling police or arranging a hospital visit.

#### Patient's Rights

A The Molar Express patient has the right to: 1) request restrictions on certain uses and disclosures of protected health information, although The Molar Express is not required to agree to the request; 2) receive confidential communications of the patient's protected health information; 3) inspect and copy protected health information; 4) request to amend protected health information; 5) receive an accounting of disclosures of protected health information; and 6) receive a copy of this notice upon request.

#### Responsibilities of The Molar Express

The Molar Express is required by law to: 1) maintain the privacy of protected health information and to provide patients with notice of this responsibility; and 2) follow the terms of this notice whenever transmitting patient information by computer and 3) offer patients a revised copy of this notice if The Molar Express revises this notice in the future.

#### **Complaints**

If you believe your privacy rights have not been upheld, you may inform The Molar Express and its staff at 603 259-3700. The best approach for addressing such complaints would be to discuss it with The Molar Express staff. If after doing this you are not satisfied, you may call the HIPAA Hotline at 866-627-7748 or <a href="https://www.cms.hhs.gov/hipaa">www.cms.hhs.gov/hipaa</a>.
