### Instructions:

Note: This combined Workplan will serve as a basis for the development of individual SMP and CoC work plan, using existing work plan templates. More detail should be added to the individual SMP and CoC work plans, which do not have to be submitted to BDAS. Information entered under section should be broad descriptors of proposed work (example – listing community sectors to be engaged rather than individual providers). **Please submit this Substance Misuse Services Combined Work Plan by October 28, 2022.**
