## **NH DHHS COVID-19 Update – May 9, 2020**

**Concord, NH** – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Saturday, May 9, 2020, DHHS announced 71 new positive test results for COVID-19. There have now been 3,011 cases of COVID-19 diagnosed in New Hampshire. Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are five individuals under the age of 18 and the rest are adults with 55% being female and 45% being male. The new cases reside in Rockingham (17), Hillsborough County other than Manchester and Nashua (10), Merrimack (8), Strafford (8), Belknap (1), and Carroll (1) counties, and in the cities of Manchester (12) and Nashua (6). The county of residence is being determined for eight new cases.

Four new hospitalized cases were identified for a total of 313 (10%) of 3,011 cases. Two of the new cases have no identified risk factors. Community-based transmission continues to occur in the State and has been identified in all counties. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis.

DHHS has also announced 10 additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 3 female residents of Rockingham County, 60 years of age and older
- 3 male residents of Rockingham County, 60 years of age and older
- 3 female residents of Hillsborough County, 60 years of age and older
- 1 male resident of Merrimack County, 60 years of age and older
