NH CHW Coalition
Annual Meeting
October 7th, 2020

The Path Forward: To Certify or Not Certify?

To participate in this presentation:
Text : PAULASMITH445 To: 22333 to join
Or join via the Web:
<https://PollEv.com/paulasmith445>

**NH CHW Coalition 1st Annual Meeting:
October 7th, 2020**

**Text one or two words about something fun you did over
the summer.**

Goals: It's good to have them

Our goals for this presentation are to:

- Explain the 'why' behind certification
- Educate about certification
- Provide you with an opportunity to have your voice heard

We hope you find this to be:

Interactive

Informational

Important

What is a Community Health Worker?

A community health worker is a **frontline public health worker** who is a **trusted member** of and/or has an unusually close understanding of the **community served**. This trusting relationship enables the worker to serve as a **liaison/link/intermediary** between health/social services and the community to facilitate access to services and improve the quality and cultural competence of service delivery.

-American Public Health Association

Where are CHWs most effective?

- Disease specific programs
- Health Education and Prevention
- Community Outreach
- Reducing Health Disparities
- Social Determinants of Health
- Reduction of health care costs

What is Certification?

The formal process to define and document skills of an individual certified to perform the role of a CHW.

What is Certification different from?

- Certificates of Completion
- Licensure: usually clinical

To Certify? Or Not to Certify?

First step is to determine IF certification is wanted

Potential Benefits:

- Professionalism for CHW workforce
- Credibility with other professions
- Potential for increased wages/
reimbursement
- Increased CHW engagement

To Certify? Or Not to Certify?

First step is to determine IF certification is wanted

Potential Concerns:

- Cost of implementation
- Barriers for CHWs
- Lack of CHW involvement in decision making process for certification

Why CHW Certification?

- Defining a CHW scope of practice
- Standardized CHW Skills/Core Competencies
- Financing and sustainability of funding

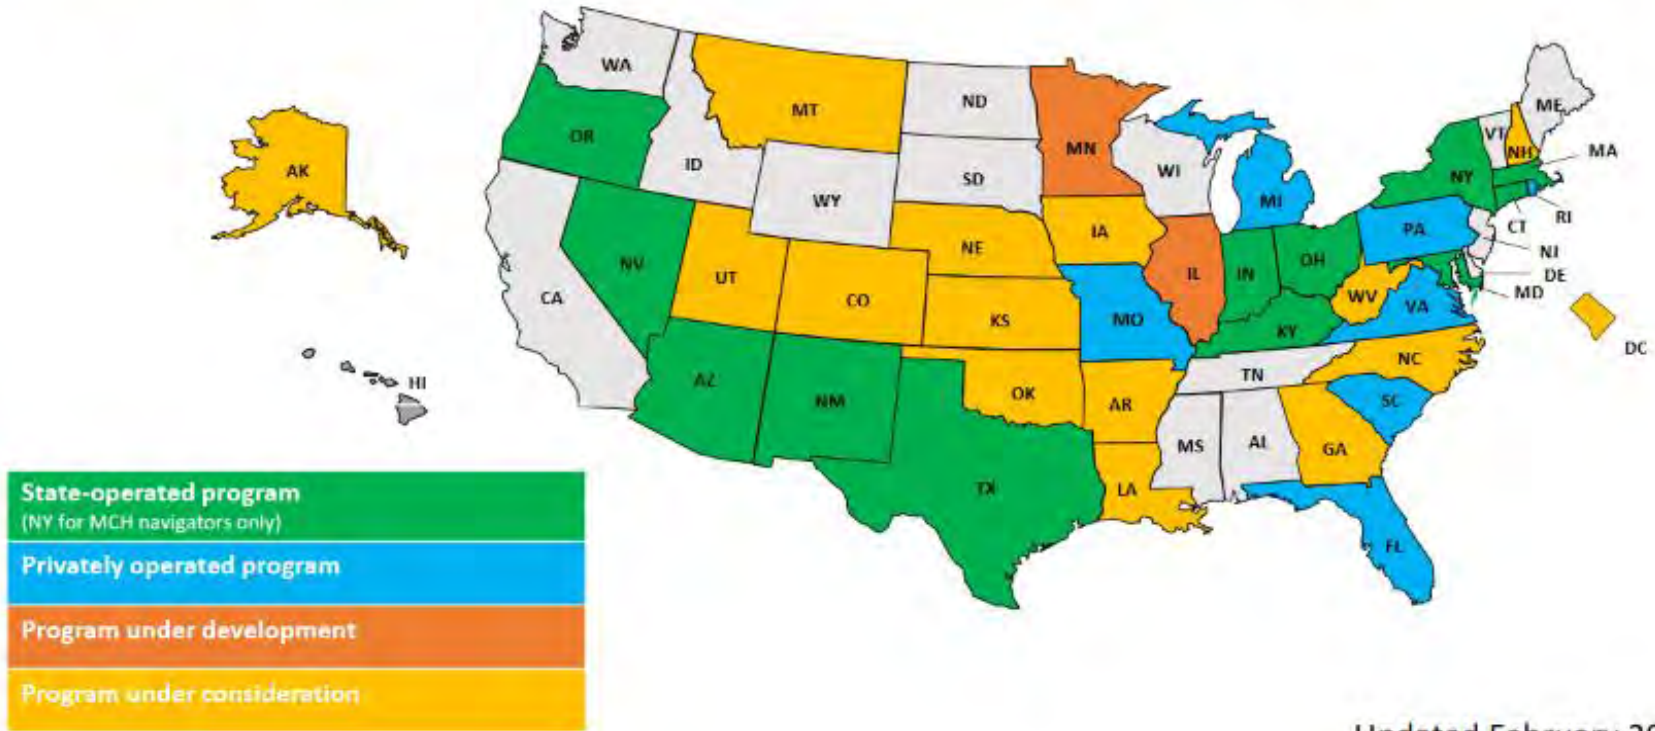

<https://www.astho.org/Community-Health-Workers/CHW-Certification-Financing/>

<https://www.cdc.gov/dhdsp/pubs/toolkits/chw-ta-background.htm>

What states already have CHW Certification?

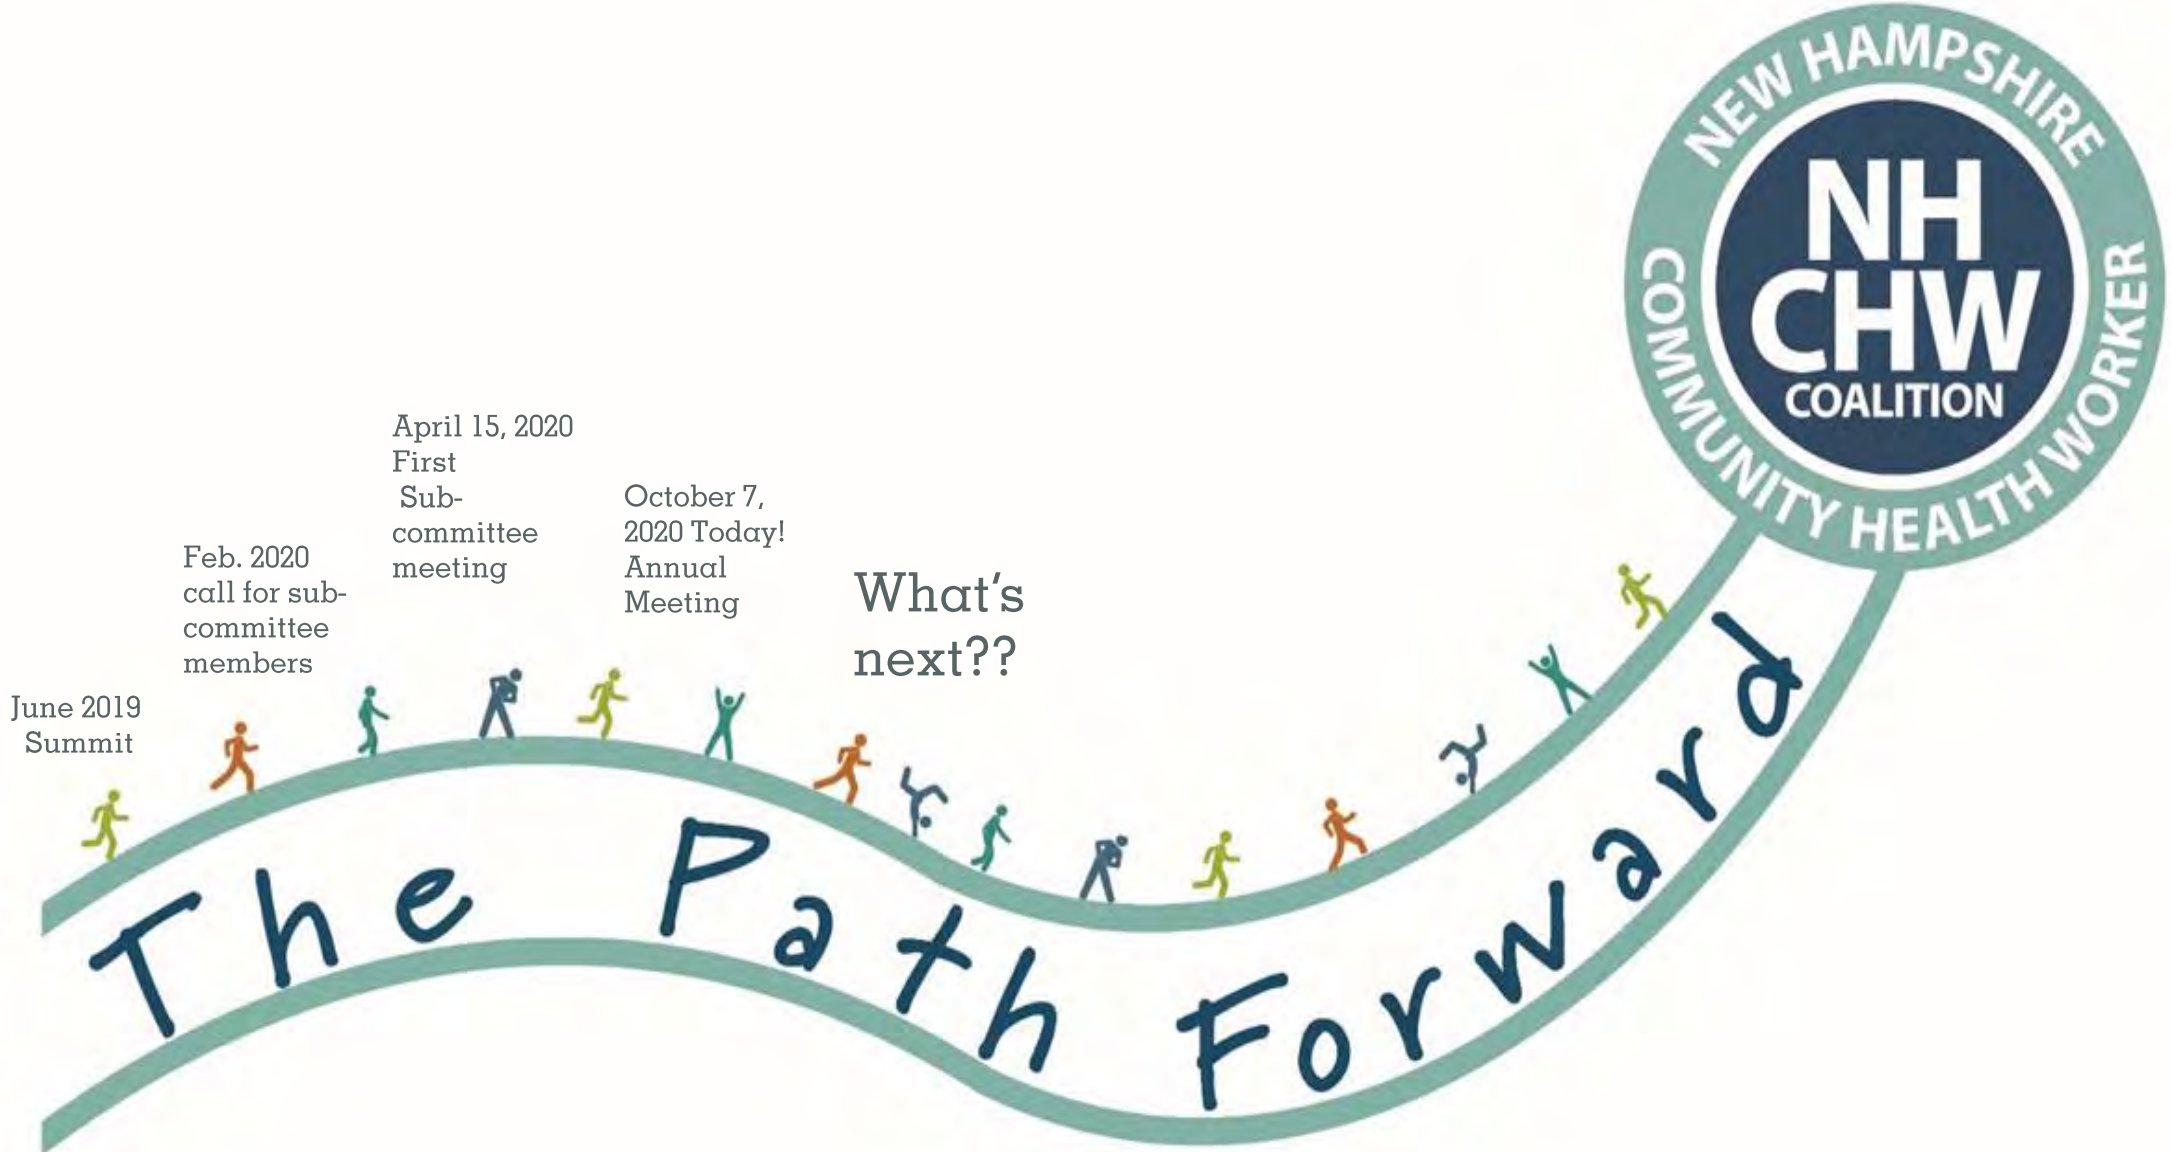

Ever-Changing Picture: State Approaches to CHW Certification

Updated February 2020

Our Journey Has Just Begun...

What are some components of Certification?

- Certifying Entity/Issuing Authority
- Voluntary or Mandatory
- Training
- Costs
- Models of Certification
- Defining requirements of Certification
- "Credit" for work experience
- Fee Structures

What does a Certifying Entity or Issuing Authority do?

- Process applications for certification
- Issue certification
- Data tracking and reporting
- Set and regulate guidelines for certification
- Keep a database of CHWs
- Monitor Continuing Educational Units (CEUs) for recertification

What are options for Certifying Entities/Issuing Authorities?

Some states use:

- Professional Boards such as: Board of Nursing, Board of Mental Health...
- State Departments: Dept of Public Health, Dept of Health & Human Services...
- Offices of Professional Licensures and Certifications
- Advisory Committees & Panels
- CHW Associations: CHW Coalitions, Statewide Associations of CHWs...

Should Certification in NH be...

VOLUNTARY

OR

MANDATORY

Should CHW certification in NH be voluntary or mandatory?

VOLUNTARY

MANDATORY

None of
the above

What could CHW Training look like?

- Required hours can vary, 14-160 hours
- In-person, online/virtual format, or a hybrid
- Core competencies determined by certifying entity

Remember!

Each organization can choose how it wants to deliver it's CHW training, as long as it meets the approved requirements.

Who could teach the CHW trainings?

- Colleges
- State Departments
- Contracted Agencies
- Anyone who's course meets the required competencies and has been approved by the certifying entity!

What NH currently has for CHW Training!

- Northern AHEC
- Southern AHEC
- Employers

CORE COMPETENCIES/CORE CHW SKILLS

CHW Competencies/Core CHW Skills that are included in the C3 Project

- **Communication Skills**
- **Interpersonal and Relationship-Building Skills**
- **Service Coordination and Navigation Skills**
- **Capacity Building Skills**
- **Advocacy Skills**
- **Education and Facilitation Skills**
- **Individual and Community Assessment Skills**
- **Outreach Skills**
- **Professional Skills and Conduct**
- **Evaluation and Research Skills**
- **Knowledge Base**

How much could CHW Training cost?

The cost of CHW Training can vary greatly, depending on the specific state's certification requirements and can be set by the organization/institution providing the training.

Different ways to certify through training!

- Individual Certification
- Approved Training Certification
- Employer/Organization Certification

Individual Certification

- Complete approved CHW training
- Follow certification process, could include: application, reference letters, background check, work experience
- Pay applicable fees

Congratulations, you're certified!

Approved/ Accredited Training program Certification

- Programs are approved by certifying entity/governing board. Graduates of these programs are considered CHW Certification eligible.

Employer Based Certification

- The employer has ability to certify CHWs, but certification is not transportable for the CHW.

What are specific examples of state certifications?

- Tiered Approach
- Pathways

Tiered Approach

Maryland

- Tier 1 – pre-certified CHW requiring 80 hours of training
- Tier 2 – Certified CHW requiring 160 hours of training including a flexible combination of classroom and practicum

Tiered Approach

Nevada

- CHW 1: Nevada Division of Public and Behavioral Health (DPBH) approved CHW Training
- CHW 2 : Nevada Division of Public And Behavioral Health (DPBH) approved CHW training plus
- 44 hours of approved continuing education:
 - 20 hours general CEUS
 - 6 hours of ethics trainings
 - 8 hours of mental health (MH) training
 - 9 hours of alcohol, tobacco, and other drugs (ATOD) training
 - 1 hour HIPPA training
- 500 hours of relevant work experience
- 50 hours of closely supervised hours in CHW competency areas

PATHWAYS

- The Work Experience Pathway- 4,000 hrs of CHW work over 10 years (MA)
- The Training and Work Experience Pathway (MA- not yet available)- 2,000 hrs of CHW work over 10 years and completion of training.

What is work experience for certification?

- CHW work within approved timeline
- Number of work hours vary between states
- Varying definitions of what counts as work experience

Different views on allowing work experience:

- + Allowing work experience to count towards certification allows for CHWs who have many years of experience to apply for certification without needing to backtrack and redo any training.
- Not all CHWs who have prior work experience are necessarily 'proficient' in all of the competencies that may be required for certification.

States that consider work experience.

- FLORIDA
- TEXAS
- SOUTH CAROLINA
- NEW MEXICO
- OREGON
- MASSACHUSETTS

What are some requirements for Recertification?

- Length of Certification – 1-3 years
- Recertification fees
- 7-24 hours of continuing education each year
- Proof of continuing education
- Work experience

How Often should CHWs be recertified?

A. Yearly

B. Every 2 years

C. Every 3 years

D. Every 5 years

E. None of the above

Total Results: 0

How Often should CHWs be recertified?

- A. Yearly
- B. Every 2 years
- C. Every 3 years
- D. Every 5 years
- E. None of the above

Poll: How many continuing education hours should be required yearly?

- A. 10-15 hours
- B. 15-20 hours
- C. 20-25 hours
- D. Other?

How many continuing education hours should be required yearly?

- A. 10-15 hours
- B. 15-20 hours
- C. 20-25 hours
- D. Other?

How would you submit proof of CHW continuing education requirements?

- A. Maintain on your own and submit at the end of certification period
- B. Prefer to be randomly audited
- C. Undecided

How would you prefer to submit proof of CHW continuing education requirements?

- A. Maintain on your own and submit at the end of certification period
- B. Prefer to be randomly audited
- C. Undecided

Should CHW prior work experience be considered when discussing Certification in NH?

- A. YES
- B. NO
- C. None of the above

Should CHW prior work experience be considered when discussing Certification in NH?

A. YES

B. NO

None of
the above

If Certification were to move forward additional considerations might include:

- Background checks & drug screening
- Assistance with completing applications and materials
- US Citizenship
- Minimum age requirement
- Testing methods (oral, written or practical)
- Accessible & affordable trainings throughout the state
- Revocation & reinstatement of certification

How did the certification committee get to today?
