registration fee for participants:

*Scholarships available, see registration link for details

Objectives:

- Explain the **disease transmission** of Human Immunodeficiency Virus/Acquired immunodeficiency syndrome (HIV/AIDS), Hepatitis C (HCV), and Hepatitis B (HBV).
- Describe the process and **benefits of testing** for HIV/AIDS, HCV, and HBV.
- Identify the disease progression for HIV/AIDS and **how to assess a clients' risks** along that progression.
- Give examples of **ways to support clients in prevention, treatment and diagnosis** of HIV/AIDS.
- Recognize the correlation between these diseases and substance use in many clients.
- Give examples of **harm-reduction strategies** for clients.
- Identify the **legal rights** for those diagnosed with HIV/AIDS.
- Describe how recovery support workers can help **dispel the culture of stigma** related to HIV/AIDS.

This project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under grant number D04RH3164 for the Rural Health Care Services Outreach Grant Program and grant number H1URH32387 for the Rural Health Opioid Program. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S. Government.
